## Nancy Mullican, CPCU, Promoted to Claims Manager

---

In keeping with Medmarc's mission to be the superior provider of liability protection and related risk management services to the medical technology and life sciences industry, we are proud to announce that Nancy Mullican has been promoted to the newly-created position of Claims Manager. She will report to Mark Steen, Vice President of Insurance Operations.

In her new role, Nancy will be responsible for mentoring and coaching employees, overseeing incoming claims and lawsuits for appropriate examiner assignment, and managing complex claims and mass torts. In announcing Nancy's promotion and new responsibilities, Mark Steen stated: "It is wonderful when you have such a deep pool of talented individuals internally from which to choose. Nancy has a proven track record for handling complex claims matters and managing claims professionals. She is a proven leader and I have complete confidence Nancy will advance Medmarc's mission in a superior manner."

Prior to joining Medmarc in 2005, Nancy held various supervisory and management positions in the insurance industry. In addition, she holds several professional designations including the American Insurance Institutes Chartered Property and Casualty Underwriter, Associate in Claims and Associate in Insurance Services. When not working on behalf of Medmarc's policyholders, Nancy enjoys traveling, particularly on cruise ships.

### About Medmarc

Created in 1979 by the healthcare technology industry, Medmarc's purpose is to be the superior provider of liability insurance protection and related risk management services at consistently fair prices and to support the development, testing and delivery of products that save lives and improve the quality of life. Further, through strategic alliances with The Hartford and Biomedic-Insure, a France-based European clinical trial insurance specialist, Medmarc policyholders benefit from seamless, comprehensive property and liability insurance protection, loss prevention services and claims management tailored to the needs of medical technology and life sciences companies.
