32ND ANNUAL MEDICAL DEVICE SEMINAR

INDUSTRY CONFERENCE DEDICATED TO BRINGING TOGETHER
MEDMARC, DEFENSE ATTORNEYS, AND POLICYHOLDERS SINCE 1987

PRESENTERS

HYATT REGENCY LOST PINES RESORT AND SPA | LOST PINES, TEXAS

John Ajello
VP, Business Development & Marketing, Medmarc Insurance Group

John Ajello leads the Sales & Marketing Department for Medmarc Insurance Group and is responsible for its broker distribution channels, in-house insurance agency, its sales team and the company's internet and social media strategy. He works closely with Medmarc's Senior Management Team, Underwriting Department, and other ProAssurance companies and departments to create and implement Medmarc's overall business plans and growth strategy. A career underwriter and program creator, John joined Medmarc in 2010 as Underwriting Manager where responsibilities included the management of the Products Liability program and leadership of the life sciences underwriting staff. He has over 27 years of underwriting, underwriting management and program leadership experience with specialty insurance companies.

Nicholas Benetatos
Manager, Exponent, Inc

Nicholas Benetatos is a Manager in the Biomedical Engineering Practice at Exponent. He brings a wealth of knowledge and experience in medical devices, combination products, and global regulatory affairs to clients in medical device/pharmaceutical sectors and has provided technical and regulatory expertise for product liability litigation. Prior to joining Exponent, Nicholas led tactical and strategic regulatory affairs for large (Fortune 100) global business segments in both med dev and pharma and spent 7 years at the FDA Center for Devices and Radiological Health focused on regulatory science, regulatory review, compliance, and science policy. His experience has crossed a diverse range of disease states and technologies including cardiovascular, interventional cardiology, orthopedics, women's health, diabetes, digital health, and respiratory therapies. Nicholas holds degrees in chemistry and physics and received his PhD in Materials Science and Engineering from the University of Pennsylvania.

William Corley
Of Counsel, Marks Gray, P.A.

William Corley has a practice focused on civil litigation specializing in brain injuries, drug and medical devices, mass tort litigation, products liability and motor vehicle litigation. His clients including Medmarc, Jacksonville University, Stetson University, Medtronic, Inc., Baxter Healthcare, Dow Corning, and Abbott Laboratories. Mr. Corley has practiced law with Marks Gray since 1982. He is a member of the Products Liability Advisory Council and is a member of the Defense Research Institute where he serves on the Medical Drug & Device Committee. Mr. Corley is a member of the American Board of Trial Advocates, trying at least 20 civil trials to jury verdict. He is a member of The Florida Bar where he served as Chair of the Code and Rules of Evidence Committee. Mr. Corley became a Certified Civil Mediator in 2014.

Sara Dyson
Assistant Vice President Risk Management, Medmarc Insurance Group

Sara is the Assistant Vice President of Risk Management for the Medmarc Insurance Group. Her primary responsibility is to assist companies with controlling products liability risks, losses, and associated costs. Sara regularly performs risk evaluations of life sciences companies to assess their vulnerability to products liability. She also consults with life sciences companies to recommend tailored risk management solutions. Sara is responsible for developing educational resources that focus on products liability risk management and related specialty areas, such as FDA compliance, post-market surveillance, product safety, and recalls. Sara publishes articles on products liability risk management in industry magazines, such as Medical Device and Diagnostic Industry (MDDI) and MedTech Executive (MX) magazines. She also presents on the topic before industry groups and trade associations.

In 2012, Sara was invited to join the Health Sciences Council for Underwriter's Laboratory (UL), a global independent safety organization that develops safety standards and certification programs for a variety of products. Sara advises UL on safety trends for medical devices.

Sara received her law degree from the University of Wisconsin Law School and is a member of the Wisconsin and Virginia Bar Associations. She is also a graduate of the University of Michigan, where she received a BA degree.

Constance Endelicato
Partner, Wood, Smith, Henning & Berman LLP

An accomplished trial lawyer, Constance Endelicato is vastly experienced in defending professional liability claims. She defends physicians, hospitals, and skilled nursing facilities, as well as legal and accounting professionals, among other service providers. She also defends employers in wrongful termination and discrimination actions. She is experienced in handling class actions, mass tort litigation, appellate and federal matters. She is admitted to practice in the United States District Court, Central, Northern, and Southern Districts of California.

Paul N. Farquharson
Principal, Semmes Bowen & Semmes

Paul N. Farquharson is a principal with Semmes, Bowen & Semmes, P.C. and practices out of the firm's Baltimore and Washington offices. Paul leads the Firm's Special Risk & Complex Litigation Group. He has successfully defended clients in high exposure insurance coverage, toxic tort, and product liability disputes for over 30 years. During that time Paul has served and continues to serve clients in various capacities, including as national and multi-district litigation counsel for product manufacturers and distributors in drug and medical device litigation. Paul also has been heavily involved in several large insurance coverage cases involving environmental clean-up costs, bodily injury, property damage, and product liability claims. Paul is an experienced trial lawyer and has tried cases in multiple jurisdictions and venues, including London-based arbitration proceedings. Paul obtained his B.A. from Washington & Lee University (1984, magna cum laude, Phi Beta Kappa) and his J.D. from the University of Virginia (1987). He has pursued studies in philosophy and English at the University of London, Oxford (U.K.), and Cambridge (U.K.).

Andrew Hall
Senior Claims Examiner, Medmarc Insurance Group

Andy Hall is a Senior Claims Examiner at Medmarc. In this role, he is responsible for managing claims and litigation asserted against Medmarc's life science insureds. The claims he handles involve a diverse group of insureds that span across the life science industry. In addition to his claims responsibilities, Andy is a member of Medmarc's product implementation team, which is tasked with creating and drafting Medmarc's various insurance products. He is also regularly asked to speak to outside organizations on life science, litigation, and insurance related issues.

Prior to coming to Medmarc, Andy worked as an attorney for a national law firm where he litigated cases in state and federal court across a variety of subject areas, including insurance coverage, products liability, professional liability, and general liability. He is licensed to practice law in Virginia and the District of Columbia and is a graduate of Wake Forest University and the University of Pittsburgh School of Law.

Lauren Hulbert
Senior Claims Examiner , Medmarc Insurance Group

Lauren Hulbert is a Senior Claims Examiner who partners with insureds and brokers to creatively and efficiently investigate and analyze life science products liability exposures. After a decade of handling claims and managing litigation, Lauren believes such collaboration is key to achieving successful claim resolutions. Lauren continuously seeks innovative solutions to maximize Medmarc's Claims data by designing, developing, and maintaining reports and providing end-user system training. These solutions assist Medmarc in its operations and allow Medmarc to seek efficiencies in how it handles claims.

Lauren earned a BS degree in Mathematics, with a concentration in Actuarial Sciences, from Louisiana State University. Since being with Medmarc, Lauren has secured both an Associate in Claims (AIC) and an Associate in Insurance Services (AIS) designations from The Institutes.

Chad Hutchinson
Partner, Butler Snow, LLP

Chad is in the law firm's Ridgeland, Mississippi office. He is a trial attorney who defends clients in the pharmaceutical and medical device industry. His practice is national in scope, including the current representation of a client in the largest medical device mass tort litigation in history.

Having started his career defending nurses home, Chad is now a member of product liability trial teams extending from multi-district litigation and various state courts all over the country. He focuses his practice on preparing and defending corporate 30(b)(6) witnesses and expert witnesses in the fields of polymer science, epidemiology, toxicology, industry standards, and regulatory affairs. He has successfully argued and deflected numerous Daubert motions and tried cases to verdict, two of which resulted in defense verdicts within the last year.

Chad majored in accounting and received his BA from Ole Miss in 1995 cum laude. He received a Masters of Taxation in 1996, cum laude. Chad then received his law degree from Mississippi College School of Law in 2001 cum laude. Prior to his legal career, Chad worked as a CPA with an international accounting firm.

Chad is AV-rated by Martindale-Hubbell and was recently named to The Best Lawyers in America® listing for Personal Injury Litigation.

Kelly Lippincott
Partner, Carr Maloney P.C.

Kelly M. Lippincott is a member of Carr Maloney P.C. in Washington, D.C. She focuses her practice on Insurance Coverage and Products Liability. Kelly has first-chaired dozens of jury and non-jury trials in Maryland, Virginia, and the District of Columbia.

In products-liability matters, Kelly has defended a wide variety of manufacturers and distributors in federal and state courts in suits against product liability claims. In the area of insurance coverage, Kelly has advised insurers about an array of matters, and defended insurers in disputes in federal and state courts.

Karen Murphy
Executive Vice President & Head of Life Sciences, Medmarc Insurance Group

Ms. Murphy is the Executive Vice President and Head of Life Sciences for ProAssurance. Beginning in 2001, she served as Vice President, General Counsel and Secretary. Her role expanded in 2007 when she assumed leadership for the Loss Control function. Karen was given further responsibility for Medmarc Insurance Group's Claims and Marketing Departments in 2010 and most recently served as the Senior Vice President of Marketing and Risk Services. She holds a JD from the American University, Washington College of Law and a BBA from the University of Cincinnati – majors: Marketing and Information Systems.

Kevin L. Ong, Ph.D., P.E.
Principal Engineer, Biomedical Engineering Practice, Exponent, Inc.

Kevin Ong is a Principal Engineer in the Biomedical Engineering Practice at Exponent. He provides engineering consulting services related to product liability and intellectual property litigation matters, as well as product design consulting services to the medical device industry. His background is in failure analysis of medical devices, with a focus on how patient, surgical, and device factors influence performance. He has testified in matters ranging from pelvic mesh, orthopaedic implants, cold therapy, medical equipment, to surgical instruments. Kevin received his Ph.D. from Cornell University. He is also a licensed Professional Engineer.

Jess "Rick" Rickman
Of Counsel, Hallet & Perrin, P.C.

Mr. Rickman is one of the founders of the firm. In his nearly 40 years of state and federal trial practice, he has consistently achieved the results his clients desired. If the case is not resolved at an early stage, he has no hesitation to take it to the forum where he is most comfortable—before a jury. His extensive experience in the defense of clients is focused in the areas of life sciences, products liability, mass torts, general torts, transportation, skilled nursing facilities and commercial disputes. If he is not litigating, he is traveling, golfing, enjoying his five grandchildren or at Texas A&M doing something!

Beth Rose
Member, Sills Cummis & Gross P.C.

Beth Rose is a Member of Sills Cummis & Gross, where she chairs the Product Liability Practice Group and is a Co-Chair of the Litigation Practice Group. She has tried complex product liability cases to verdict in state and federal courts throughout the country. During her career, Ms. Rose has served as national counsel to several companies, including those in the pharmaceutical, medical device and contract research organization spaces, defending mass tort litigation. She has also served as New Jersey counsel to entities defending complex product liability claims in New Jersey's Multi-County Litigation system. Since 2008, she has been recognized in the Chambers USA® Guide to America's Leading Lawyers for Business. Ms. Rose received her B.A. with honors from Wesleyan University and her J.D. from Georgetown University Law Center.

Michael Shalhoub
Partner, Goldberg Segalla

Michael Shalhoub is a proven trial lawyer who focuses his practice on product liability defense for the medical device and pharmaceutical industries. In his more than 30 years of experience, he has resolved more than 100 cases at the trial stage and achieved numerous defense verdicts. His experience includes cases involving product liability as well as medical malpractice, business and commercial disputes, insurance coverage, construction accidents, and general liability.

Mike is a Co-Chair of Goldberg Segalla's Life Sciences Practice Group and a nationally recognized authority on product liability defense, medical device litigation, and trial technique. He is the former Chair of the International Federation of Defense and Corporate Counsel's Product Liability Section and its Drug, Medical Device, and Biotechnology Section. Mike is also a past member of the Board of Directors of the 22,000-plus-member Defense Research Institute and a past Chair of DRI's Medical Liability and Health Care Law Committee. He has written and lectured for national audiences on emerging trends in drug and medical device litigation, Daubert preclusion of scientific expert testimony, and other topics. He is the co-editor of Life Science Matters, Goldberg Segalla's blog covering the latest legal developments involving medical devices and pharmaceuticals.

In the area of medical liability, Mike has defended many types of health care malpractice actions including pharmacy malpractice, dentist malpractice, medical malpractice, physical therapy malpractice, and nursing malpractice, as well as licensing and disciplinary actions for health care providers. The specialties of his clients and cases range from anesthesiology to urology and from catastrophic loss to minor cases. He has also represented a number of major hospitals in medical malpractice cases as self-insured entities.

Mike brings to each matter exceptional scientific and technical understanding developed through his experience handling dozens of complex, high-exposure product liability cases across the country. He has defended manufacturers that span the full spectrum

of health-related and personal care products, ranging from medical laser components, anesthesia machines, CPAP machines, eye care products, and joint implants to denture cream, hair care products, hospital and home care safety devices, and mobility aids. He is integrally involved in the firm's role as science counsel for a major product manufacturer in the dental adhesive cream federal multi-district litigation. Mike's recent work also includes defending a golf car manufacturer in personal injury cases involving rollover accidents.

Mike has been selected by his peers and clients for inclusion in Best Lawyers in America and New York Super Lawyers for a number of years, and he was named among the Top 25 Attorneys in Westchester County in Super Lawyers several times.

Robert Smith
Shareholder, Lorance Thompson PC

Robert Smith is a shareholder of Lorance Thompson PC in Houston, Texas. Rob is a member of the Product Liability, Business Litigation, and Medical Defense & Health Law Committees of the International Association of Defense Counsel. He is on the steering committee for the ALFA International Product Liability & Complex Torts Practice Group. Rob's clients include manufacturers, physicians, hospitals, nursing homes, and other corporations. Rob graduated Phi Beta Kappa with a degree in mathematics from Louisiana State University, and attended law school at the University of Houston College of Law. He is Board Certified in Personal Injury Trial Law by the Texas Board of Legal Specialization, and has tried a wide variety of cases during his 20+ years of practice. He can be reached at rgs@lorancethompson.com.

Jianlin Song
Of Counsel, Wilson Elser LLP

Jianlin Song began her professional life as a physician, and today focuses her product liability legal practice on litigation and compliance issues involving medical device and pharmaceutical products. She also has experience defending medical malpractice and other health care matters. Jianlin has defended manufacturers and distributors of enzyme supplements, joint prostheses and clinical laboratories. She has appeared before the federal and state courts in California and successfully argued various dispositive, discovery and pre-trial motions. Jianlin also has experience advising biomedical companies on FDA compliance issues. Prior to joining Wilson Elser, she represented companies in various industries, including silica, welding rod, chemical products, and mechanical and labor contractors.

Additionally, Jianlin counsels small businesses and provides legal services to Chinese companies on matters relating to formation, operation and routine business activities. She helps Chinese companies establish their presence in California and operate in compliance with pertinent laws and regulations.

Jianlin served judicial clerkships with the Honorable Ann M. Donio, District of New Jersey, and the Honorable Jack M. Sabatino, Superior Court of New Jersey, Appellate Division.

Francis A. Stockwell
Vice President & Chief Underwriting Officer, Medmarc Insurance Group

Francis Stockwell, as Chief Underwriting Officer, is responsible for the establishment of risk selection and pricing criteria, new coverage implementation strategies, and assures compliance with corporate and regulatory requirements. He also establishes underwriting authority levels for the entire underwriting staff and reviews both new and renewal business on a referral basis. Mr. Stockwell works closely with the Marketing & Business Development Department's leadership to drive production and regularly participates with the Claims Department to address litigation issues and emerging trends. Mr. Stockwell supervises the Risk Management unit and maintains a limited number of personal account assignments.

Mr. Stockwell has over 40 years invested in the commercial insurance industry. He joined Medmarc in November 1986. Prior to his tenure with Medmarc, Mr. Stockwell was employed by CIGNA Worldwide and AFIA as an international property and casualty underwriter. He began his career with Aetna Casualty and Surety.

Mr. Stockwell is a graduate of the State University of New York at Buffalo and holds a BA degree.

Michael Stoeckert
Chief Technology Officer, ProAssurance

Michael joined ProAssurance as Group Technology Officer in 2013. In January 2014 he became CTO of ProAssurance, a predominantly healthcare liability insurance group committed to treating all fairly.

Prior to ProAssurance, Michael spent much of his career in financial services. He was CTO for Sungard Asset management, a technology provider for global financial institutions. Michael's diverse experience includes Fiserv, EPL, Macromedia, Ernst and Young, Fidelity Investments, and Electronic Data Systems.

During the 1990s Michael served as a contract CIO/CTO while with Ernst & Young LLP. He helped create and augment e-companies in numerous industries, including financial services, healthcare, airline, manufacturing, retail, and telecommunications. Michael's consultant roles involved diverse matters such as IPO filings, business strategy, and process reengineering.

A significant focus in Michael's career has been operating large and complex systems, using numerous methodologies to assess the risk of business systems and create approaches to mitigate risk. All methods have been implemented and tested in numerous environments—including Electronic Data Systems Information Management Center (IMC). His consistent results: enhanced operational efficiency with lowered risk.

Michael received a BAAS in Training and Development and an MBA in Business Finance from the University of North Texas. He also served for six years in the United States Marine Corps.

Sharon Stuart
Partner, Christian & Small LLP

Sharon Stuart is a partner in the Litigation practice group of Christian & Small LLP in Birmingham, Alabama. Sharon handles complex business, insurance and product liability cases in the state and federal courts and in arbitration. She is active in the Defense Research Institute, the International Association of Defense Counsel, and the American Inns of Court. Sharon is Immediate Past President of the Alabama Defense Lawyers Association.

Daniel Tranen
Partner, Wilson Elser LLP

Daniel Tranen is a partner with Wilson Elser and works out of the Edwardsville, Illinois and St. Louis, Missouri offices. He works primarily on the defense of medical device cases and insurance coverage disputes. He is licensed in the state and federal courts of Missouri, Illinois, Georgia and Massachusetts as well as federal courts in Indiana, Michigan and Wisconsin. Wilson Elser is a full service law firm with more than 30 offices around the U.S. and with affiliations around the world.

Sonia Valdes
Vice President, Claims, Medmarc Insurance Group

Sonia is responsible for managing a team of dedicated claims professionals as well as overseeing technical and administrative issues within the Claims Department. Among her responsibilities include directing mass tort litigation, training and development of staff, policy development, advising underwriters on risk management, and expanding Medmarc's Litigation Management Services. Sonia joined Medmarc in August of 2013. Prior to Medmarc, Sonia was Assistant Vice President with Chubb & Son Inc. at its headquarters in Warren, New Jersey for 14 years. She had worldwide responsibility for managing Chubb's Life Sciences Claims Core. Sonia has extensive experience in evaluating coverage and liability issues in environmental, mass tort and health science litigation.

Sonia has been an admitted attorney in NJ since 1992 and is a member of the IADC, CLM and ALFA. Sonia received her undergraduate degree in Biochemistry from Rutgers University in 1984 and her law degree from Brooklyn Law School in 1991.

Kelly Waters

Partner, Wood, Smith, Henning & Berman LLP

Kelly Waters is a partner in WoodSmith Henning & Berman LLP's New York office and managing partner of the firm's New Jersey office. Ms. Waters has built her practice around an enviable record of success defending businesses and employers in complex litigation matters in the area of product liability, employment practices, professional liability and commercial related matters. Ms. Water's product liability practice includes defending pharmaceutical and medical device companies as well as automotive, recreational and marine products, and consumer and commercial product manufacturers. She represents clients ranging from the world's largest insurers to Fortune 500 companies to family owned businesses. Ms. Waters has tried many cases to verdict and has participated in numerous multi-party mediations. Stemming from her more than 20 years of litigation experience in the product liability arena, she has developed a related commercial practice advising manufacturers and distributors in commercial, and consumer related matters. Ms. Waters has been rated an AV Preeminent Lawyer by Martindale-Hubbell and serves as a Municipal Court Judge in two municipalities in New Jersey.

Courtney Young

Senior Staff Attorney, Medmarc Insurance Group

Courtney S. Young, Esq., joined Medmarc in 2011 where she is now the Senior Attorney for Risk Management. Her primary responsibilities include the development of resources on products liability avoidance and regular correspondence with brokers, policyholders, and underwriters in efforts to evaluate and mitigate products liability risk. Ms. Young works with drug and device makers, component-part manufacturers, and raw-ingredient suppliers before and after products liability claims to identify and assess their products liability exposures and mitigate future liability. She has also spent significant time in the analysis and development of the products/completed operations, errors and omissions, and excess insurance policies. Prior to joining Medmarc, she garnered both law-firm and government-agency experience in Washington, DC.

Ms. Young received her law degree from the George Mason University School of Law, where she finished in the top quarter of her class, and is a member of the California and District of Columbia Bars. She is also a graduate of the University of California, Santa Barbara, where she received dual bachelor degrees in Business Economics and Political Science.
